this series of handbooks of linguistics and communication science is designed to illuminate a field which not only includes general linguistics and the study of linguistics as applied to specific languages but also covers those more recent areas which have developed from the increasing body of research into the manifold forms of communicative action and interaction for classic linguistics there appears to be a need for a review of the state of the art which will provide a reference base for the rapid advances in research undertaken from a variety of theoretical standpoints while in the more recent branches of communication science the handbooks will give researchers both an overview and orientation to attain these objectives the

series will aim for a standard comparable to that of the leading handbooks in other disciplines and to this end will strive for comprehensiveness theoretical explicitness reliable documentation of data and findings and up to date methodology the editors both of the series and of the individual volumes and the individual contributors are committed to this aim the languages of publication are english german and french the main aim of the series is to provide an appropriate account of the state of the art in the various areas of linguistics and communication science covered by each of the various handbooks however no inflexible pre set limits will be imposed on the scope of each volume the series is open ended and can thus take account of further developments in the field this conception coupled with the necessity of allowing adequate time for each volume to be prepared with the necessary care means that there is no set time table for the publication of the whole series each volume will be a self contained work complete in itself the order in which the handbooks are published does not imply any rank ordering but is determined by the way in which the series is organized the editor of the whole series enlist a competent editor for each individual volume once the principal editor for a volume has been found he or she then has a completely free hand in the choice of co editors and contributors the editors plan each volume independently of the others being governed only by general formal principles the series editor only intervene where questions of delineation between individual volumes are concerned it is felt that this modus operandi is best suited to achieving the objectives of the series namely to give a competent account of the present state of knowledge and of the perception of the problems in the area covered by each volume

now in its second edition speech and language therapy the decision making process when working with children reveals how recent research and changes in health and education services have affected the decision making process in the assessment and management of children with speech and language problems with individual chapters written by experts in their field this book illustrates how the decisions made by practitioners may vary within different work settings shows how these decisions may need to be adapted when working with specific client groups explores how such decisions are part of effective evidence based practice offers an overview of the skills required by the developing professional provides insight into working as a newly qualified therapist in the current job market rigorously underpinned with current research and revised legislation this is an important textbook for speech and language therapy students potential students and specialist teachers in training speech and language therapy the decision making process when working with children will also be relevant to newly qualified therapists therapists returning to the profession specialist teachers and special educational needs coordinators

language development and language impairment offers a problem based introduction to the assessment and treatment of a wide variety of childhood language developmental disorders focuses for the most part on the pre school years the period during which the foundations for language development are laid uses a problem based approach designed to motivate students to find the information they need to identify and explore learning issues that a particular speech or language issue raises examines the development of a child s phonological system the growth of vocabulary the development of grammar and issues related to conversational and narrative competence integrates information on typical and atypical language development

the papers in this volume represent varied views on the role of context in language learning

what makes human language unique do women speak differently from men just what is the meaning of meaning language the basics provides a concise introduction to the study of language written in an engaging and entertaining style it encourages the reader to think about the way language works it features chapters on language in use attitudes to language children and language and language mind and brain a section on sign language a glossary of key terms handy annotated guides to further reading providing an accessible overview of a fascinating subject this is an essential book for all students and anyone who s ever been accused of splitting an infinitive

this work aims to provide the most comprehensive bibliography in the domain of sociolinguistics and in the field of language planning the 640 page publication gives access to a large percentage of the published literature via a sophisticated thesaurus as the title indicates africa and specifically southern africa is covered in great detail sources on the history and development of the languages of namibia and zimbabwe have been included apart from sources on the languages of africa the bibliography also offers a comprehensive overview on topics such as language conflict language decline language development and language rights as well as a section on translations and interpreting the categorisation of sources is intended to stimulate researchers and postgraduate students and this makes the bibliography an indispensable tool for librarians and senior academics
